   - Happy birthday to Conor Craven!

2. Old Business
   - NY6 Student Government Conference issues
3. Public Comment Period

4. New Business
   ● Timothy Gadziala (Physical Plant) - “Cram and Scram” Changes
     ○ The goal of Cram and Scram is to divert students’ unwanted property from the landfill by collecting items at the end of the year and reselling them to other students when classes begin again.
     ○ Currently, there is not enough manpower to move/manage all the items, so Physical Plant is looking to donate certain items upfront.
     ○ Coordinating with charitable organizations through Amy James at the COOP.
     ○ Examples of items that may be donated
       ■ Some appliances
       ■ Floor lamps
       ■ Hairdryers
       ■ Printers
       ■ Cables
       ■ School supplies
       ■ Kitchenware
       ■ Toasters
       ■ Sports equipment (possibly)
       ■ Board games (possibly)
     ○ These smaller items aren’t as popular, so looking to donate immediately at the end of the year.
     ○ This way, Physical Plant won’t have to clean out, check, and store items that probably won’t sell.
     ○ Furniture, microwaves, and other more popular items will still be available at the Cram and Scram.
     ○ Alex Reading: Could Physical Plant make a list of things that will be donated immediately for students in case they want to store them or give them away themselves?
       ■ Tim Gadziala: We have a rough list going (see above).
     ○ Marchel Holle: What (currently) happens to stuff that isn’t sold?
       ■ Tim Gadziala: Physical Plant will sometimes try to donate the items, but they also go into the recycling or trash, depending.
     ○ Don Stayner: Could Physical Plant use a barter system? Trade smaller items that may be donated for larger ones that students will buy at a local Goodwill Store, etc.? 
       ■ Tim Gadziala: We haven’t thought about that, but we are looking to donate things right off the bat.
Tim Gadziala: People working Cram and Scram this year will work full-time during the 2 week schedule (Senior Week and before the start of the Fall Semester).
  ■ Responsibilities will be extended - going room-by-room to collect leftover items.
  ■ Physical Plant really needs extra manpower for this event, so apply if you want a short-term job!
  ○ Thank you to Tim Gadziala for stopping by!
• ACR Health Representative - AIDS Hike for Life
  ○ AIDS is not going away, but it is preventable. 50,000 people are diagnosed each year in the US. 1 in 3 are between 13-29 years old.
  ○ There will be a bubble run this year! You can either run through the bubbles or throw them (both are equally fun).
  ○ There will also be a foam-free zone/lane.
  ○ Student Assembly Representatives should spread the word!
  ○ The run was moved to this Saturday instead of Sunday, in order to avoid conflict with the Housing Lottery.
  ○ Visit www.aidswalkcny.com to register.
  ○ Alex Hollister- How do we donate if we don’t want to participate?
    ■ ACR Health- You can donate to one of your friends or come to the information table in Beinecke from 11:30-1 to donate
    ○ If you donate $1 at the table, you get a bag of candy and condoms!
    ○ Evelyn Torsher: Do you have to donate to run?
      ■ ACR Health- Yes. You have to either donate or raise $25 to run.
    ○ It is a timed race, so use it as practice for HamTrek!
    ○ Gov. Cuomo wants to end AIDS by 2020, so register today!
    ○ Thanks to ACR Health for stopping by!
• Last week’s emergency
  ○ Zach Oscar- Why did it take so long from the call came in to when the first alert went out? Yes, people were brought outside KJ quickly, but that’s not very comforting in a bomb threat situation.
    ■ Maura Torres- At the meeting last Tuesday, Director of Campus Safety said that he wanted to get everyone out of KJ first and then send the alerts out, but looking back, the order should have been reversed.
  ○ Alex Hollister- Could only see the first part of each text message. Not sure of others had the same issue.
  ○ Lauren Mulligan- Not everyone got an actual phone call. Some just received an automatic voicemail.
    ■ Why didn’t they evacuate all the dorms on the Dark Side?
      • Andrew Fischer- Only evacuated the ones immediately around KJ.
      • Timothy Gadziala- Only wanted to evacuate the buildings that would be in the “danger zone” if there was a bomb in KJ. Thought it would be better to keep people in their rooms if it was safe rather than move everyone off the Dark Side.
Alex Reading- Surprised that there was very little direction from police or Campus Safety regarding how to evacuate the Dark Side.

Catie Cooper- It was very disconcerting that they never clarified that there was not a shooter before evacuating the Dark Side dorms.
  ■ Also disconcerting that students walked across campus by themselves.

Evelyn Torsher- Giovanni’s was still delivering pizza during the day. College Hill Road should have been closed.
  ■ Silvia Radulescu- Hamilton does not have the authority to close the road.
  ■ Timothy Gadziala- Yes. Hamilton does not have that authority, and the NY State Police decided not to close it. That may have been because of manpower. They wanted to concentrate police/other officials in the area around KJ.

Erik Marks- The evacuation of the Dark Side dorms and moving people was not well done. If there was a shooter, he/she could have fired on those walking out of the dorms.

Marchel Holle- There should be a student member/contact on the committee when the college revises the emergency situation response plans.

Alex Hollister- Did they find out if the person who called in the threats was a member of the college community or not?
  ■ Andrew Fischer- Not yet. Nothing that can be divulged, anyway.
  ■ Lisa Magnarelli- The investigation is still on-going. If an arrest is made, students will find out about it.

- Erik Marks - Pledging changes resolution
  ○ Don Stayner- Did you have a meeting with Nancy?
    ■ Erik Marks- Yes and the ISC will be meeting with her more in the future.
    ■ Don Stayner- What did she think of the proposal?
    ■ Erik Marks- Her opinion is that this is the first year the policies are in effect. A survey after one year does not provide enough data to change policy. However, she would like the survey to continue and for the ISC to possibly work with the Psychology Department to improve it.

Catie Cooper- Great job making edits.

Paragraph 1 and 2- no comments

Paragraph 3- Tim Hartel- Could we mention further surveys here as per Dean Thompson’s suggestion?
  ■ Erik Marks- Tried to address that issue through the mention of continued work with the Greek community.
  ■ Marchel Holle- Sceptical of the future surveys due to the college’s very short institutional memory.
    • Support will inherently increase for fall pledging because that’s all students will be familiar with.
    • We should leave the language as is and not specify any further.
  ■ Lauren Mulligan- New initiates answered this survey, so these students already don’t know an alternative to fall pledging.
● Erik Marks- Greek societies usually don’t talk about pledging until it’s done, so…
  ■ Marchel Holle- Sentiments regarding this issue are greatest now, so an ongoing survey should can not be the only benchmark to evaluate the policies.
  ■ Maura Torres- Students will know students at other schools who pledge in the spring of their freshman year, so people will still be exposed to that option.
  ■ Zach Oscar- In response to Marchel Holle- The survey is unimportant if the survey only asks recent initiates.
    ● If it changes to include other students, that could be interesting.
  ■ Conor Craven- I’m not involved in Greek life, so I do not feel it is my place to tell Greek life when they should or should not be pledging.
    ● Zach Oscar- Freshmen are targets of Greek life during rush, so should be surveyed to see how the policies affect them. That data doesn’t necessarily have to show correlations, but rather it can be used as supporting data.
    ● Conor Craven- It is not fair to have uninvolved freshmen dictate policies for Greek societies.
    ● Zach Oscar- Opinions of those already involved in Greek life not as significant because they are already in the society. Same point as at previous meeting.
      ○ No other issues with wording or content.
      ○ Passed! 21-0, 1 abstention.
      ○ Great job to Erik Marks for his continued work!

5. Committees
  ● Constitution- Going to talk to Funding Committee about changes to the Constitution and will present them to SA
  ● Cultural Affairs- French Club food truck very successful!
    ○ Meeting in Sadove on Thursday at 5:00 p.m.
    ○ New Food Truck - next Wednesday at 5:00 p.m. in Sadove
  ● Facilities- Physical Plant Appreciation Day- Working to find out what would be a good show of appreciation.
    ○ Campus swing? Suggested by a student…
      ■ Emailed Physical Plant and will get back to SA when he hears back.
      ■ Don Stayner- Can we get a hot tub?
      ■ Zach Oscar- No.
  ● Food- No meeting last week.
    ○ Bon Appetit representative coming on Thursday
      ■ Come and tour Commons kitchen. RSVP through Bon Appetit
      ■ The representative will also give a talk about where Bon Appetit’s food comes from, etc.
    ○ Zach Oscar- Any word on cleaner plates in McEwen?
- Ben Schaefer- Emailed about it, waiting to hear back.
  - Continuing discussion about how to make the C&C Concert as safe and enjoyable for everyone as possible
- LITS- Working hard on the app, hope to roll it out by the end of the year
- Philanthropy- HAANDBall Tournament- this Saturday to benefit the Kelberrman Center
  - AIDS Hike for Life- Also this Saturday
  - Silent Auction- May 2nd
- Social Traditions- Holi is next weekend
  - Helping to sell C&C t-shirts
- Student Interests- Furniture outside
  - “Tuesday Blues Day”- Outside Euphoria from 7:00-8:00 p.m., free hot chocolate, coffee, etc.
  - No word on date, time, or other information regarding Wigo Party.
- Senior Week- Started ticket sales this week. Continuing until this Friday.
  - Looking for tank top designs
  - Also looking for nominations for student and professor speakers at the dinner.
