2. Jans and Greek Life

- Anthony and Sarah met with Greek leaders and came up with a resolution that January admits and transfer students should not be excluded from Greek life during their first semester.

- Dean Thompson’s decision was based on the fact that two weeks is a short time to make a decision about Greek life, underestimated perceived impact. She still has concerns about timing for Jans who are pledging.

- Forming a committee of around 10 to try to resolve this issue, containing many students, to find the best model of pledging for Hamilton. If there is a change, it will be made before May 1, so accepted students have that information when they make a decision about Hamilton.
  
  - Put off SA resolution until committee makes a decision, more information is available

- 2 issues: timing (which has been resolved) and the decision itself

- Greek organizations do not, as a whole, need Jans to survive, but don’t want them to have that option denied.

- Tabled until a later date

- Thank you, Dean Thompson, for responding so quickly to the situation, and respecting the student voices on this issue!

3. Review of Central Council Procedures and Regulations

- New binders for new members

- If SA members have 3 unexcused absences, they can be dismissed. 24 hour notice will excuse members (3 late meetings = 1 absence). Community service can make up for meetings.

- Screen policy—be respectful of guests, business only on phones and computers.

- More school spirit from SA, in the form of attending games and events

- Committees will be forming 3 specific goals for the semester—for their own use and to keep the students involved and updated.
- New committee sign up system to make sure all members get their 2 required committees
