Why the Galantis Concert was  
Fucking Wack

- They sat in high backed smoking chairs giving color commentary as Birth of a Nation played over their heads.
- They were conjoined at the hip and spoke in unison.
- They threw condoms with holes poked in them into the crowd screaming "be safe, make mistakes!"
- They live called child services on their own parents during the bridge of "You and I"
- They took breaks in between songs to assure the crowd that they had nothing to do with the Notre Dame fire.
- They kept dedicating the show to the late paranormal investigator Lorraine Warren, claiming that she "kept the ghosts out the house"
- They outed Claire in the front row for being gay, which everyone cheered for and would have been cool if Claire had not explicitly asked them not to.
- They started dismantling the stage halfway through their set and pocketing rivets.
- They asked the crowd to "look away" as they

- They started quarrelling over rivets and threatened each other with twin separation surgery.
- They brought the wet nurse they requested in their rider on stage to berate her for having an old job with a silly name
- They shot Claire with a crossbow for being gay
- They asked for a moment of silence so that they could call the Boost Mobile helpline
- They came back on stage for the encore without anyone asking for it, and proceeded to ask the crowd if anyone knew any good songs

DAVID WIPPMAN ANNOUNCES  
CLOSURE OF THE COUNSELING  
CENTER - INTRODUCES BIG PUB

"Everyone was so sick of how we handled health services already, so we said fuck it!" stated Wippman earlier this week. The newest features of the center are expected to include: acceptance of fakes, spoons collected from old ice cream cups in KJ, and pink tables designed to fit the posture of a woman. "Our outside team of experts determined common ways of handling mental health issues are clearly the most effective, so the obvious choice was binge drinking" Dean Martinez commented while getting down at Galantis. The Big Pub is expected to be in full operation by May 11th 2019, or as soon as they find a real adult to approve it.

The Duel Reviews

"We're Having Discussions About It", a Memoir by Terry Martinez  
This book starts off with strong discussions of Dean Martinez's life, but starts talking in circles when discussing controversies she's had to deal with. An excessive amount of pages are dedicated to how students should be handling issues, and she goes on for far too long about how a certain Hamilton Publication holds no value to this campus. Good set of dog pictures at the end meant to distract you from the rest of the content of the book. 2 out of 5 stars.
