

# HOC 46 Peak Weekend

Thank you very much for participating in the Hamilton Outing Clubs 46 Peak Weekend. It is going to be a fantastic weekend. It is great to see your motivation to participate in this ambitious project.

This packet of information should provide all the necessary information to get you from Hamilton to the top of your peak/peaks and back. It is essential that you do the trip assigned to your group if we are to climb all 46 peaks. The car trips will take from 2-3 hours, and some of the hikes will take up to 12 hours. Needless to say it will be a very long day for everyone involved. The list below has items that are highly recommended to carry in your pack. Remember the most important thing is not bagging the peak, but rather that everyone has a fun day in the mountains and returns safely to Hamilton. So, if someone is too tired, the weather is terrible, or you don't think that you can make it back to the trailhead before dark, then play it safe and turn around.

## Getting Started:

1. Get a group together or request to be placed with a group.
2. Decide on a trip – consult the trip list for ideas.

Consider the following:

- Do you want a hard core trip or an easy day hike?
- Do you want to leave on Friday or Saturday?
- Will you be spending the night?

3. Do you have transportation?

HOC will have vans going to the major trailheads. Spaces will be given on a first come first served basis.

Make sure that you are committed to the trip that you choose. 46 Peak Weekend depends on you.
