

## Moderate Weather Backpacking Equipment list

### HEAD

- Wool/pile hat
- Brimmed hat (for sun protection)

### UPPER BODY

- Synthetic t-shirt (not cotton)
- Lightweight synthetic long undershirt – polypropylene, or other hydrophobic, wicking fabric
- Medium-weight polypropylene top or wool shirt, long sleeve
- Medium-weight fleece jacket/wool sweater (e.g. Polartec 200)
- Wind Jacket – nylon (can be same as rain jacket if waterproof/breathable – must fit over insulating layers)

### HANDS

- Synthetic or wool lightweight gloves

### LOWER BODY

- Underwear as needed
- 1 pair shorts
- Medium-weight synthetic/wool long underwear bottoms – polypropylene or other hydrophobic, wicking material)
- 1 pair long pants, loose fitting, light colored (cotton okay, but synthetic better)
- Lightweight wool or fleece pants

### FEET

- 1 pair mid-weight hiking boots. Boots should fit comfortably with two pairs of socks, a light liner sock, and a heavy wool sock
- 1 pair of running shoes, sneakers or sandals for around campsite wear and/or water activities
- 2-3 pairs of light synthetic/polypropylene liner socks
- 2-3 pairs of medium-weight wool or synthetic hiking socks
- Gaiters (optional)

### SHELL LAYER

- Waterproof rain jacket – coated nylon or waterproof/breathable fabric
- Waterproof rain pants – coated nylon or waterproof breathable fabric (optional)

### TRAVEL GEAR

- External or internal frame pack with padded hip belt
- Pack rain cover (optional, can use garbage bag)
- Sleeping bag – synthetic fill, rated to 30° F (-1°C)
- Sleeping pad – insulation and comfort
